

GETTING TO LE MOULIN BRÉGEON

BY RAIL

Fast train service (TGV) is available to Saumur via Tours, St. Pierre des Corps, or Angers St. Laud. From Paris, the train leaves from Gare de Montparnasse and takes about two hours. You may check schedules or book on-line by visiting Rail Europe (<http://www.raileurope.com/us/index.htm>). Upon request, guests will be picked up at the Saumur train station and brought to the inn, or if they are renting a car, to the local car rental agency.

BY AUTO

The staff of Le Moulin is happy to assist you with arranging car rentals from Saumur.

Le Moulin Brégeon is located near the historic village of Linières Bouton, which lies roughly midway between Tours and Angers, and 25 km north of Saumur. It is four hours southwest of Paris by car.

From Saumur: Go north on Route D-767, in the direction of Le Lude, and watch for the sign (turn left) to Linières Bouton. The turn off is 7 km north of Vernantes, 7 km south of Noyant.

From D-767: If coming from the north, take a right onto D-62. If coming from the south, take a left onto D-62. Proceed 1.4 km, passing the small town of Linières Bouton and crossing two small bridges. After the crossing the second bridge, take the first left at a four-way intersection. Proceed down a small road and take the second left, marked by a small sign reading “Le Moulin Brégeon.”

Alternatively, you can call us from Linières Bouton and we will come to show you the way to the mill. The village pay phone is located in front of the old school house.

If you plan to use online map tools to plot your route, designate your destination as Linières Bouton then follow the instructions above. As with many places in the countryside, we do not have a street address and our location does not always accurately appear on web maps.

When in France, remember to add a zero to the telephone number: dial 02 41 82 30 54. Also, most French pay phones operate with phonecards (coins not accepted), which should be obtained beforehand. Keep in mind, if you are carrying a mobile phone, coverage can be very spotty outside of large towns. Please let us know in advance what time you expect to arrive at Moulin Brégeon so we can look out for you.

Bon Voyage!
